PROJECT

CHAT APPLICATION

Using React, Javascript, HTML, and CSS

CREDIT_CARD_FRAUD DETECTION

Using Python, numpy, Pandas and Matplotlib

SKILLS

- Javascript , C and Python
- Node.js and Express.js
- Html and CSS
- React
- Mysql and Mongo DB
- Leadership
- Adaptability

ACHIEVEMENTS

Javascript, Infosys Springboard 2025.

C++ and Java Crash Course Udemy 2025

Foundation of cloud IOT Edge ML, NPTEL (Silver) 2025.

Distributed System, NPTEL (Silver) 2024.

Software Testing, NPTEL 2024

Web Development, Codsoft 2024

PROFESSIONAL OVERVIEW

Aspiring Computer Science and Engineering professional currently pursuing a Bachelor of Engineering at Muthayammal Engineering College. Focusing on core principles of computer science. Skills include programming, software development, and problem-solving. Committed to applying technical knowledge to real-world challenges in the field of technology.

EDUCATION

B.E Computer science and Engineering at Muthayammal engineering college, Rasipuram (2022-2026)

CGPA: 8.9(up to 6th semester)

HSC Maths Biology at Holy Angles' Matric Higher Secondary School, Fairlands (2020-2022)

Percentage: 86%

SSLC at St. Joseph Matriculation School, Suramangalam (2019-2020)

Percentage:78.5%

WORK EXPERIENCE

Java Intern

Emglitz Technologies | Jun 2024– July 2024

Gained hands-on experience in Core Java by designing and developing standalone applications.

Project: Online Cab Booking.

Full Stack Developer Intern

Way2Skills | Dec 2024– Jan 2025

Worked as a Java Full Stack Development Intern, building end-to-end web applications using the MERN stack and Core Java concepts. Gained hands-on experience in developing dynamic frontends, robust backends, and integrating databases for real-world projects

Project: Online learning Platform.
